Dear Brothers and Sisters:

Today, the Regional National Labor Relations Board (NLRB) has issued a written complaint against all companies who have declared impasse.

The Executive Board and its attorneys will be reviewing the document and within the next couple of days give you a copy of the document with a written explanation.

DO NOT LISTEN TO RUMORS.....

DO NOT LISTEN TO YOUR EMPLOYERS who have and will continue to twist the facts.

This is good news the Regional NLRB has asked the NLRB in Washington for permission to seek an injunction which COULD lead to immediate relief for us.

As the information comes in, we will give it to you. This is an important victory for us and we will be reporting to you within the next couple of days.....

STAY STRONG AND UNITED.....

In Solidarity,

**Michael Cordiello, President/Business Agent
and the Executive Board**
