Memo Regarding Minimum Wage

Dear Members of Local 1181-1061,

Effective December 31, 2016, the minimum wage in New York State increased. For employees represented by Local 1181, the new minimum wage depends on where you work and, if you work in New York City, the number of employees employed by your company, as follows:

	<u>Minimum Wage</u>
Companies in New York City employing 11 or more employees	\$11.00
Companies in New York City employing less than 11 employees	\$10.50
Companies on Long Island and in Westchester	\$10.00
Companies in the remainder of New York State	\$ 9.70

Your employer should have posted a Minimum Wage Information poster including this information.

Please contact your union representative if you are paid less than the minimum wage that applies to you.

In Solidarity,

Michael Cordiello

President/ Business Agent

ATU Local 1181-1061
