

Hello drivers,

ATU Local 1181 is the leader in searching for a solution to the unethical UBER practices that TLC drivers in NYC face every day.

For the past 6 months, we have received numerous complaints by drivers that have signed with ATU Local 1181 for representation. A large percentage of these complaints have centered on the unethical practices by UBER where they have charged customers more than what the driver gets and in most cases double. This difference leads to Uber keeping a higher percentage of the fare, most times upwards of 40% – 50%, much more than the agreed upon 25% commission. This can only be called one thing, theft of payment. It is unjust and something that cannot, should not and will not be tolerated.

After gathering enough evidence of the infractions, we met with the TLC commissioners on March 27th, 2017 and showed them evidence of all these unethical practices. We also procured some investigative reports and brought this to the attention of the media with the intent of it being made public. Thanks to the efforts of all the drivers, the TLC external affairs department, the due diligence of the journalist and the ATU efforts, lights have been shined on and this abhorrent, intolerable behavior and unethical practice by UBER was made public.

Please follow this link <https://www.surveymonkey.com/r/ATUonetransit> to fill out, submit and share our survey.

It is proven that when drivers stand together and participate for the greater good, change and progress can be achieved,

Continue fighting to further represent and protect the rights of drivers in NYC and that's what this campaign is all about.

Sincerely,

**ATU Local 1181-1061
TLC/Uber & Lyft Campaign**
