EPP UPDATE
April 1, 2019

Dear Brothers & Sisters:

This is to inform you that the EPP was not included in the final budget.

Late last night, I received a report from the City of New York and our lobbyist in Albany, that negotiations for the EPPs are ongoing. I was also informed that there is still a possibility for the EPPs to become State Law during this legislative session.

As always, we will keep you updated on any changes.

Remember, there is strength in unity.

In Solidarity,

Michael Cordiello
President Business Agent
and the Executive Board
