Hi there,

ATU Local 1181 is proud to endorse **Diana Florence for Manhattan District Attorney.**

Diana Florence is the only candidate with a proven record of fighting side by side with working New Yorkers. Diana knows our issues from wage theft to contract fraud, and has the backs of bus drivers and unionized workers who drive this city forward.

“I am honored to have the support of the essential workers who drive thousands of children to school every day. Our people-powered campaign is gaining momentum through our vision to rebuild a Manhattan DA’s Office that puts people first. Our Labor Crimes platform sets a new standard how the Manhattan DA will tackle work-related cases. I have a proven record of going after employers who steal wages, corrupt M/WBE contractors, and workplace safety cases. Everyday New Yorkers know that I am not afraid to hold the rich and powerful accountable” - Diana Florence

During her 25 years as a prosecutor in the Manhattan DA’s Office, she fought for people affected by crimes of power who never thought they’d win, going after powerful interests and large scale corruption. Florence has previously published opinion pieces in [The New York Daily News](#), [El Diario](#), and [City Limits](#) about using the criminal law to protect essential workers, and prosecuting wage theft as larceny. She also proposed a first-of-its-kind [Labor Crimes Bureau](#) to directly address crimes of power including sexual harassment, wage theft, workplace safety, and tax and unemployment fraud.

It’s more important and relevant now than ever to have someone like Diana redefining what “justice for all” truly means. No one in this race has committed to making sure that the justice system works for people like us. [Donate \\$5 to help Diana win!](#)
