May 27, 2022

ATU is the Amalgamated Transit Union's **Committee on Political Education**. Whether we agree or not, politics matters. In many cases, we get to elect our leaders and make our voices heard. They make important decisions on KEY issues such as:

- **Safety**
- **Funding**
- **EPP**

ATU-COPE relies solely on the voluntary contributions of ATU Members. If we all gave a few dollars per month (***just .50 cents per week***), the Political Action Committee could support more pro-labor and pro-transit candidates and help keep them in positions of power. We support candidates who look out for **transit, school bus, and over the road workers**, regardless of political party.

It is **EASY** to participate. Although this is not a requirement, we do encourage your support and participation. Please see your shop steward for additional information and to fill out the checkoff card to send in to your Local today.

Together we fight! Together we win! United we become strong!

In Solidarity,

Michael Cordiello
President / Business Agent
ATU Local 1181-1061
